DILEM - COLLECTION 2011 - FR-EN-GB

# DILEM®

COLLECTION 2011

## Un concept révolutionnaire et breveté

Dilem, c'est un système breveté de montures à branches interchangeables. Un style moderne et fondamentalement inscrit dans l'univers de la mode, tant au niveau du design que des couleurs ou des motifs de branches. Une collection haut de gamme, avec branches interchangeables en XP2 (un polymère technique et ultra-résistant) polies à la main. Dilem s'adresse à tous, femmes et hommes, à la recherche d'une lunette simplement différente.

## Plus qu'une simple lunette, un accessoire de mode

Lassés des produits standardisés, les consommateurs sont à la recherche de produits reflétant leur personnalité, avec lesquels ils peuvent interagir pour coproduire leur look. Les montures Dilem répondent pleinement aux aspirations de ces consommateurs, elles sont personnalisables au gré des envies, des goûts ou des situations...

## A revolutionary and patented concept

Dilem is a revolutionary and patented concept with interchangeable temples. A modern and fundamentally fashion style when it comes to design, colours and temples decorations. A top of the range collection with XP2 (a very hard wearing technical polymer) interchangeable temples, hand polished, specific surface coatings... Dilem is dedicated to women and men looking for a simply frame.

## More than a frame, a fashion accessory

Today consumers are looking for products that reflect their personality, with which they can interact to co-create their look. Dilem frames fully answer consumers wishes: they can be personalized to suit their whims, taste or even various situations...

## Ein bahnbrechendes und patentiertes Konzept!

Dilem ist ein patentiertes Brillensystem mit austauschbaren Bügeln. Ein modernes und fest in der Mode verankertes Konzept, das sich sowohl im Design und in den Farben als auch in den Mustern der Bügel widerspiegelt. Eine hochwertige Kollektion, mit austauschbaren, handpolierten Bügeln aus XP2 (einem technischen, besonders widerstandsfähigem Polymer). Dilem ist für Frauen und Männer konzipiert, die auf der Suche nach einer Brille sind, die einfach anders ist.

## Mehr als eine einfache Brille, ein echtes Modeaccessoire.

Verbraucher von heute sind der standardisierten Produkte überdrüssig und suchen nach Produkten, mit denen sie ihre eigene Persönlichkeit ausdrücken und ihren ganz persönlichen Stil entfalten und aktiv mitgestalten können. Die Brillen von Dilem werden den Erwartungen dieser „Verbraucher-Akteure“ voll und ganz gerecht, indem sie sich nach Lust und Laune und je nach Situation oder persönlichem Geschmack individuell verändern lassen.
